Directions: First repeat after your tutor and then practice each role.

Serge: As you all know, **in the future, we would like to have 35% of the market share** in the rural areas, as we do in the urban ones. I'd like to discuss ways we can tailor-make athletic footwear for the rural areas. Any suggestions?

Cathy: We could conduct a survey in the rural areas asking men and women about their leisure activities.

Jack : That's a great idea! Then we could develop products specifically tailored to people's interests and needs. That will certainly help us in gaining a stronger foothold in the market.

Serge: Sounds like a solid plan. How soon could you organize and carry out the survey?

Cathy: Umm... I think we could easily have this done by the end of the month.

Serge: Then it's a go. Cathy, work with Jack to organize and conduct the survey. Let's meet back in one month's time to review the results.
